**2019-2020**  
**Annual Report**

## **Vision Statement**

The Ohio Construction Academy Vision is to bring career technical education into the 21st century and meet the emerging needs of today's workforce. OCA will ensure its students are provided with a blueprint to success through state-of-the-art, standardized curriculum; blended delivery methods to address individual learning needs; and hands-on learning to prepare them for entry in the construction industry. OCA graduates will be prepared for various pathways should they choose to progress to higher education, registered apprenticeship, or aspire to management in the construction arena. OCA is readying the craft professionals and construction leaders of the 21st century.

## **Sponsor Statement**

Ohio Council of Community Schools (OCCS) uses various methods to evaluate the school's performance including published tests and other academic scores such as the Ohio Department of Education Local Report Card and supporting data. OCCS regional representatives visit our partner schools regularly ensuring compliance with federal, state, and contractual requirements. The results of this monitoring for the 2019-2020 school year are published in the 2019 Ohio Council of Community Schools Annual Report, available after November 30 at [www.ohioschools.org](http://www.ohioschools.org)

OCA's mission is to provide high school students an innovative educational opportunity to explore construction related careers through an excellent foundation in academics and rigorous, contextual, hands on curriculum.

School Rating

### School Overview

Schools that receive the dropout prevention and recovery report card receive ratings for up to eight measures and four components. The 2019-2020 report cards will not have grades or ratings. Limited data is available due to the coronavirus pandemic and ordered school-building closure.

#### Achievement Component

The Achievement component, previously called the High School Test Passage Rate component, represents the number of students who meet applicable criteria on assessments that are required for graduation. The data for this component is not available this year.

Not Rated

Rating

#### Progress

The Progress component looks closely at the growth all students are making during the school year. The data for this component is not available this year.

Not Rated

Rating

#### Gap Closing

This component shows how well schools are improving or meeting the performance expectations for all students in English language arts, math, graduation and English language proficiency. The data for this component is not available this year.

Not Rated

Rating

#### Graduation Rate

The Graduation Rate component looks at the percent of students who are successfully finishing high school with a diploma in four, five, six, seven or eight years. This data is available and was not impacted for the reporting years.
