Mission Statement

OCA's mission is to provide high school students an innovative educational opportunity to explore construction related careers through an excellent foundation in academics and rigorous, contextual, hands on curriculum.

Sponsor Statement

Ohio Council of Community Schools (OCCS) uses various methods to evaluate the school's performance including published tests and other academic scores such as the Ohio Department of Education Local Report Card and supporting data. OCCS regional representatives visit our partner schools regularly ensuring compliance with federal, state, and contractual requirements. Results of this monitoring are published in the 2021-2022 Ohio Council of Community Schools which will be available after November 30th at www.ohioschools.org

Vision Statement

The Ohio Construction Academy Vision is to bring career technical education into the 21st century and meet the emerging needs of today's workforce. OCA will ensure its students are provided with a blueprint to success through state-of-the-art, standardized curriculum; blended delivery methods to address individual learning needs; and hands-on learning to prepare them for entry in the construction industry. OCA graduates will be prepared for various pathways should they choose to progress to higher education, registered apprenticeship, or aspire to management in the construction arena. OCA is readying the craft professionals and construction leaders of the 21st century.

- The Shark Supply sold and built bat houses, picnic tables, bird houses, corn hole boards, cubbies and school basketball court.
- Four OCA graduates were hired by an electric company.

- Ten graduates earned NCCER certifications.
- OCA's "Real Life Wednesdays" Initiative partnered with ABC employers who facilitated presentations for our students.
- Fifteen construction-related employers attended the school's May 2022 Job Fair.

Academic Goals

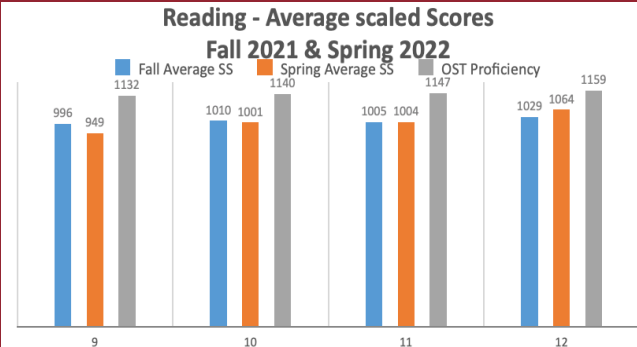

By the end of 2024, teachers/staff will be provided with a formal process for a Professional Learning Community Plan that includes tailored procedures, development, and strategies, that will decrease teacher turnover and increase student achievement by one proficiency level, as measured by Renaissance STAR score growth.

By the end of the 2023-24 school year, 50% of students will score proficient or better on the ELA and math state assessments or will demonstrate at least 1.5 years of growth annually on the Renaissance STAR test for ELA and math.

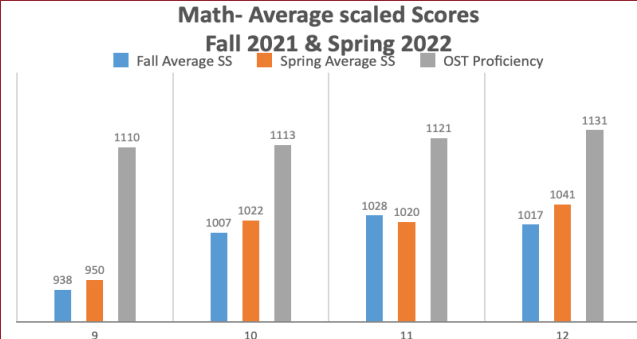

By 2024, the school will create and maintain a comprehensive plan for engaging, students, parents and community partners resulting in an overall attendance percentage of 93% and a decrease in suspensions by 10% and office referrals by 20%.
